

The (IRAD) International Registry for Acute Aortic Dissection

Status: Recruiting

Eligibility Criteria

Age: 18 years and over

This study is NOT accepting healthy

Healthy Volunteers: volunteers

Inclusion Criteria:

- 18 to 80 years of age - clinical diagnosis of acute aortic dissection - Type A dissection - Type B dissection - Retrograde type B dissection

Exclusion Criteria:

- Aortic aneurysm - Myocardial infarction - Cerebral accident - Active infection

Conditions & Interventions

Conditions:

Heart & Vascular

Keywords:

Aortic Dissection

More Information

Description: The International Registry of Aortic Dissection (IRAD) was created in 1996 by cardiovascular specialists committed to expanding current knowledge of aortic dissection with the goal of improving patient outcomes. This registry study uses a standardized form to capture data from consecutive patients with aortic dissection at participating hospitals.
